# ASCUTNEY FIRE DISTRICT #2 APPLICATION FOR WATER ALLOCATION & CONNECTION

**NOTE:** No Allocation is granted until an application is completed and all fees are paid. Allocation is effective on the date that the permit is signed by the authorized representative of the Ascutney Fire District #2.

## FEES AND COST CALCULATIONS:

Debt Retirement Fee: # of ERU's x 25 quarterly fees (55.44 x 25 = \$1386)

Capacity Allocation Fee: ERU's x \$1000

Meter Fee (standard size meter): \$175

Larger Meter Fee: Calculated on an as-needed basis depending on the size and type of meter.

Water bill: Quarterly debt reduction = \$55.44

**Water usage = CUFT x \$.024860 (.003 cents per gallon)**

## FAQ'S

### Q: What does my ERU allocation represent?

A: Purchased allocations guarantee that your property will have the necessary water to function properly. The allocation is based on a maximum capacity to guarantee that the system can provide your property with adequate water and sewer service on a maximum use day.

### Q: What happens if I give up my allocation?

A: BY "giving up" the allocated capacity to your property, you are no longer responsible for paying base charges on that property. However, once allocation capacity is revoked, your connection to the system will be suspended and you will need to re-purchase the allocation at full cost to restart service.
