Dear Applicant,

The attached application is required for any development in the Town of Weathersfield. Please carefully review all of the attached pages and complete the forms to the best of your ability. On the following page, contact information is provided to help you obtain the most commonly required State permits. It is advised that you apply for any required State permits, or determine what State permits may be necessary, before submitting this application.

The zoning bylaws were created by citizen planners and reflect the interests, desires, and long term vision for Weathersfield based on the input of residents. The majority of applications made to the Land Use Administrator's office are issued within a few days of the application's receipt, or sometimes on the same day for smaller projects. If you are uncertain about any aspect of your application, the office of the Land Use Administrator is available via e-mail or telephone to help provide clarification.

Certain applications require a more complete review by the Zoning Board of Adjustment. The review process takes approximately one to two months, depending on the circumstances of each individual application, and requires public notification, hearings, and other procedural steps mandated by Vermont State Law.

Feel free to reach out to the Land Use Administrator, Sven Fedorow, at any time as you plan your project, who can be reached at either landuse@weathersfield.org or by telephone at (802) 674-2626. While walk-ins are welcome, it is advised that you call in advance to pre-schedule a time to discuss your application.

Sven Fedorow
