4.) Hoisington Field

Ray gave an overall update on the Hoisington field RFP to the residents that had not attended all the meetings.

Park possibilities discussed- ice rink with warming hut, adult exercise equipment, band stand, power hook up for food trucks, better parking, community boards.

New ideas brought forward by residents were a shade tree or pavilion for parents near the playground equipment. A walking track around the field.

Updates to the field would bring new opportunity with summer programs for children. That was vocalized as a big desire by the residents that came out to the meeting.

Community member involvement in a power point and speech for the Selectboard. This will show the support and need for an update to our town park. A petition should be put together so we can have a list of signatures showing support.
