Select Board Meeting
Zoom Meeting
DRAFT of Special Select Board Meeting Minutes
Wednesday, June 16, 2022 6:30 PM

Select Board Members Present:
Paul Tillman
Kelly O'Brien
Michael Todd
Wendy Smith
David Fuller
Brandon Gulnick, Town Manager

- 1.) Call to Order by Michael Todd, Selectman at 6:30 pm
- 2.) Pledge of Allegiance was led by Paul Tillman.
- 3.) YTD Financials/Year End Projections/Fund Balance

RE: YTD Financials/ Year-End Projections/ Fund Balance/ Reserve Balances

YTD FINANCIALS

As of June 12, 2022, the General Fund has received 96% of revenues OR 1,386,190, and expenditures have reached 97% OR 1,396,674. The Highway Department has received 97% of revenues OR 1,123,980 and expenditures have reached 82% OR 941,017. The Solid Waste Department has received 107% of revenues OR 309,012 and expenditures have reached 96% OR 278,103.

GF Revenues Per Department-June 12, 2022

<i>Department</i>	<i>Budget</i>	<i>YTD</i>	<i>Remaining</i>	<i>%</i>
<i>GF Tax Revenue</i>	1,042,451	1,042,303	(148)	100%
<i>Administration</i>	300,550	228,349	(72,201)	76%
<i>Finance</i>	-	14,769	14,769	
<i>Library</i>	1,550	23	(1,527)	1%
<i>Town Clerk</i>	38,260	44,769	6,509	117%
<i>Listers Land</i>	19,000	15,780	(3,221)	83%
<i>Use</i>	5,750	8,478	2,728	147%
<i>Police Department</i>	16,000	25,719	9,719	161%
<i>Fire Services</i>	16,662	6,000	(10,662)	36%
<i>Total</i>	1,440,223	1,386,190	(54,033)	96%

GF Expenses Per Department -June 12, 2022

<i>Department</i>	Budget	YTD	Remaining	%
<i>Administration</i>	459,357	475,695	(16,339)	104%
<i>Library Finance</i>	125,614	108,484	17,129	86%
<i>Town Clerk</i>	74,902	84,317	(9,415)	113%

<i>Total</i>	211,344	199,387	11,957	94%
	1,440,223	1,396,674	43,549	97%

YEAR-END PROJECTIONS

At year-end on June 30, 2022, the General Fund is estimated to receive 98% of revenues OR 1,415,107 and expenditures are estimated to reach 101% OR 1,451,348. The Highway Fund is estimated to receive 102% of revenues OR 1,176,281 and expenditures are estimated to reach 91% OR 1,048,366. The Solid Waste District is estimated to receive 112% of revenues OR 323,012 and expenditures are estimated to reach 102% OR 293,508.

Projected Year End: General Fund= -36,240; Highway= 127,915; Solid Waste= 29,504

FUND BALANCE

The cumulative audited General Fund Balance was \$274,490, of which \$69,400 was a restatement from an allowance for doubtful accounts that was dissolved. During the development of the FY23 General Fund Budget, we used \$45,418 from the \$69,400 to reduce the property tax need in the General Fund. There is \$23,982 remaining to be allocated from the dissolution of the allowance for doubtful accounts and \$205,090 in cumulative fund balance. The total "fund balance" remaining is \$229,072.

The FY22 GF is estimated to close the year with a -\$36,240 +/- NET. Following final year-end balances, the remaining Fund Balance will be \$192,832 +/- in the General Fund. The cumulative audited Highway Fund Balance was \$81,036. During the development of the FY23 Highway Fund Budget, we used \$76,726 to reduce the property tax need in the Highway Fund. The Highway Fund is projected to end the year with a fund balance of \$127,915 The Solid Waste Fund has a cumulative deficit Fund Balance of -\$32,915.

4.) Tax Rate Discussion

RE: FY23 Tax Rate Discussion

64

70
71
72
73
74
75

Our Assessor has released the 4/ 11 as of 5/25/22 (Attachment A). The CU exemptions are not finished, and he is working on obtaining information relating to Solar to determine their values.

In FY21 the Grand List was \$3,316,189. In FY22 the Grand List was \$3,327,353.29. The FY23 “Draft Grant List” this year is \$3,315,906.95.

The Local Education Rate cannot be calculated until we receive the education tax rate (e.g., the additional 30K on Veterans Exemptions). For the purpose of obtaining a draft municipal tax rate the same Local Education Rate was used from FY22.

FY22 Town of Weathersfield Homestead Tax Rates totaling 2.5489 and Tax Amount on \$280,000 assessed value home

Taxes on average home = \$7,136.92

21 Stoddard, Mark, Anne Redmond, Brian Bosenbert, Beth Huton, Michael Dawson, Bart Mair
22

- 23 1.) Call to Order by Michael Todd, Selectman at 6:31 pm
- 24
- 25 2.) Pledge of Allegiance was led by Paul Tillman.
- 26
- 27 3.) Agenda Review – no changes
- 28
- 29 4.) Comments from Citizens not on the agenda
- 30

31 John Arrison said that several weeks ago he had sent a note to the Town Manager and to
32 the Chair with the recommendation that we ask all the departments to come up with
33 possible plans for fuel savings. He was curious if that had gone anywhere.
34

35 Brandon Gulnick said that they were definitely looking into fuel savings considering the
36 cost of fuel right now. It will take a bit for them to get that plan together, but the
37 conversation has been started.
38

- 39 5.) Review minutes from previous meetings: 6-6-2022;6-16-2022
40

41 There were no minutes for 6-16-22 available for this meeting. There were tabled until the
42 next Selectboard meeting on 7-5-22.
43

44 Paul Tillman made a motion to accept the meeting minutes from 6-6-22.

45 Wendy Smith – 2nd

46 No Discussion

47 Vote - unanimous
48
49

50 6.) Public Hearing: Adoption of Bylaw Amendments and Zoning Map
51

52 Michael Todd said that although this agenda said “Public Hearing” this is not a public
53 hearing. The public hearing is over and was closed at the last Selectboard meeting.
54

55 Michael Todd made a motion to adopt the bylaws as presented by the Planning
56 Commission.
57 2nd by David Fuller. That motion was tabled, making it the first item of business on this
58 agenda.
59

60 Michael Todd explained that a quasi-judicial process in State law allows a board to go
61 into deliberative session. The Zoning Board does it all the time. The Selectboard is
62 allowing you to observe a deliberative session. You are not allowed to participate, you
63 are not allowed to ask questions, you are not allowed to comment in any way.
64

65 After the deliberative session it was determined that there were still a lot of questions
66 regarding the land use map. It was decided to send the bylaws and the land use map back
67 to the Planning Commission for further review and adjustments.
68

69 7.) FY23 Tax Rate Discussion
70

71 Nate Stoddard attended the meeting via Zoom and said that there were recent changes.
72 About 3 weeks ago, the District Advisor at PB & R assigned to the Town of
73 Weathersfield, reached out to Barb and Nate and wanted to know where they were at.
74 They showed by way of applications, 6 solar projects within the Town that could need to
75 be addressed and have a value put on it.
76

77 Barb tracked down the owner of these sites, sent out the forms and last week they
78 received one back and sent it back to the district advisor. The district advisor put it
79 through their solar utility evaluation tool that is used State wide and came back with a
80 value on that property. Barb and Nate created a parcel and put a value on that parcel
81 based on that information.
82

83 The number Brandon is referring to that was given last week has changed. Your total
84 municipal grand list number was \$3,315,906.95 and now with the change with that one
85 parcel the new number is \$3,318,936. So, it went back up a little.
86

87 The biggest question is why did it go down from last year. Nate said the biggest reduction
88 came from the VT Transco property also known to some as Velco. It is a utility company
89 that saw almost a \$3.4 million dollar decrease in its evaluation. That comes from the
90 utility providing information to the State and the State putting it into their utility
91 evaluation tool.
92

93 Michael Todd wanted to know if there was a notification that they Town could receive
94 that this was happening and if there was any communication that this was happening.
95 Nate said he could look at the exact letter that the Town received on all of the utilities and
96 the dates they were received by the Town. It happens around the April 1st time frame.
97

98 David Fuller asked Nate if he had anything to do with plugging in the numbers or
99 anything for Velco. Nate said he did not, this is all State generated. Dave asked if it was
100 the facility and not the Weathersfield Personal Property Tax? Nate said that is correct, it
101 has nothing to do with the Personal Property Tax. It is a Utility tax generated by the
102 State. Dave also wanted to know if this could become a trend if we could see if go down
103 again in another year or two. Nate said the biggest reason it's gone down so much is
104 because the CLA was applied to the value.
105

106 The Grand List is completed as of today.
107

108 Michael Todd asked Nate to explain what causes the CLA to rise and fall. Nate said the
109 CLA is the calculation between your total sales for a 3-year time period that the State
110 does a study on divided by your assessed values.
111

112 The Selectboard is not able to set a tax rate tonight. They will need a new school rate and
113 Brandon is hoping to have this at the first meeting in July.
114

115 RE: FY23 Tax Rate Discussion (Prior to the change with the additional parcel)

116 Following the receipt of our homestead and non-homestead rates, a similar set of graphs
117 will be provided to the Town. The General Fund rate as shown in the graph below
118 includes county & local education. For the purpose of this meeting, we are distributing
119 the following graphs for FY22 (current fiscal year):
120
121

**FY22 Town of Weathersfield Homestead Tax Rates totaling
2.5489 and Tax Amount on \$280,000 assessed value home**

Taxes on average home = \$7,136.92

123 Our Assessor has released the 4/11 as of 5/25/22 (Attachment A). The CU
124 exemptions are not finished, and he is working on obtaining information relating to
125 Solar to determine their values.

126
127 In FY21 the Grand List was \$3,316,189. In FY22 the Grand List was \$3,327,353.29.
128 The FY23 “Draft Grant List” this year is \$3,315,906.95.

129
130 The Local Education Rate cannot be calculated until we receive the education tax
131 rate (e.g., the additional 30K on Veterans Exemptions). For the purpose of obtaining
132 a draft municipal tax rate the same Local Education Rate was used from FY22.
133

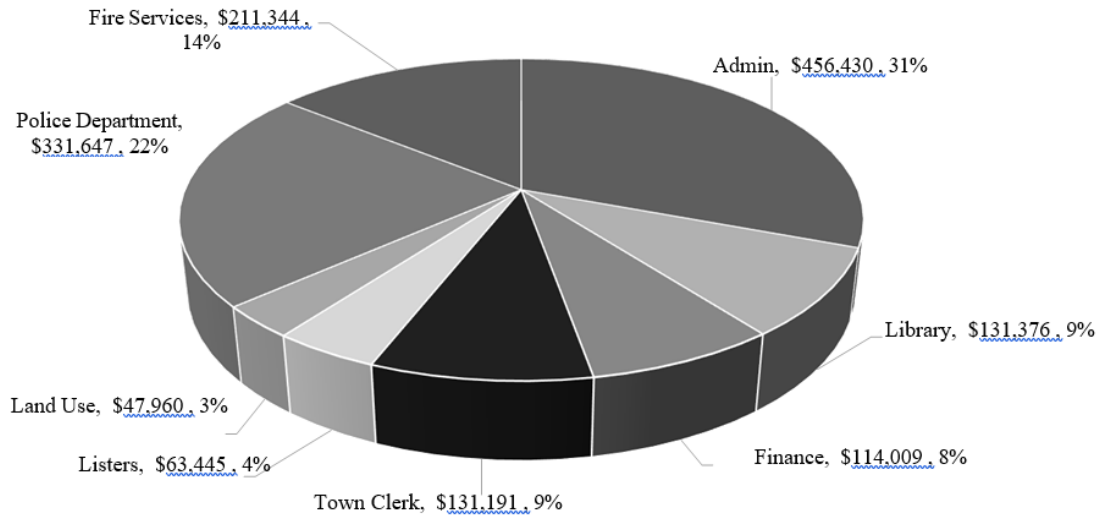

Total Draft FY23 Municipal Tax Rate				
Total Taxes to be Raised	Budget	FY23	FY22	Change
General Fund	1,049,016	0.3164	0.3054	0.0110
County Tax	26,433	0.0080	0.0079	0.0001

Local Education	22,665	0.0068	0.0068	0.0000
Total Municipal Taxes to be Raised	2,079,488	0.6272	0.6046	0.0226

134
135
136
137 Proposed Quarterly Tax Payment Due Dates

138 August 17, 2022
139 November 16, 2022
140 February 15, 2023
141 May 17, 2023
142

143 **The Tax Rate will need to be set no later than the first meeting in July. Following this**
144 **meeting, we will send the bills to Doolittle’s to print/mail. Last year, the Selectboard**
145 **set the tax rate on July 13, 2021.**
146

FY23 General Fund Expenditures

147
148

Admin includes personnel, water district, office, utilities, legal fees, insurance (auto, property, boiler, etc.), tax collection, county taxes, contracted services, ambulance, custodian, parks, 1879 schoolhouse, and appropriations.

152
153
154

8.) Perkinsville & Ascutney Wastewater Feasibility Study

155 Dear Board Members,
156

157 We held a meeting with Tom Brown, ANR/Water Supply Division. Mr. Brown
158 explained there is funding to complete a Wastewater Feasibility Study in the
159 form of a 100% forgivable loan. The first step is to secure an engineer to do the
160 project. We advertised an RFQ and received four (4) responses. A meeting was
161 held with Regional Planning to open the responses and rank them based on
162 criteria. We contacted Tom Brown to ask whether he has worked with our #1
163 choice. Mr. Brown stated that he is familiar with Otter Creek and has worked on
164 projects with them/approves of our selection.

165
166 See Attachment A – Agreement
167 See Attachment B - Application

168
169 Otter Creek Engineering will be present at the 6/20 meeting to answer questions.

170
171 Craig Jewett was present from Otter Creek Engineering to present the Wastewater Feasibility
172 Study. This is a State ARPA run program. These are loans, but forgivable loans. After the
173 selection process, Otter Creek provided the Town with a scope of services, associated budget and
174 agreement for the Town to consider and to be included as part of the loan application that gets
175 submitted to the funding program.

176

177 Because this goes through a loan process, this will go through an underwriting process and be
178 processed like a loan. This is a reimbursement process. You will have to pay for services and
179 then be reimbursed. However, because this is done through the ARPA process you will get a
180 determination on your subsidy before you sign before you move forward with your consultant.

181
182 Michael Todd asked about the anticipated turn around since we have to have the funds up front
183 and then get reimbursed. Brandon said that he is not sure about the anticipated turn around.
184 Craig Jewett said anticipated time from is probably 3-4 months, reimbursement time is around 2
185 weeks, however, wherever the money comes from up front is up to the Town.

186
187 9.) Letter to AOT: Request for Traffic Engineering Study – Route 131
188

189 Dear Ian Degutis,

190
191 We are requesting that AOT Traffic Operations conduct a review of the
192 speed limit on 131 in Weathersfield between Thrasher Road &
193 Weathersfield Center Road. Residents located at 2291 Route 131 have a
194 blind driveway and feel unsafe entering and exiting their property. There
195 have been several accidents on Route 131 near this location. We are
196 requesting that AOT Traffic Operations conduct a traffic engineering
197 study, as required by State Law, and forward a recommendation to the
198 Vermont Traffic Committee for a decision. The speed limit is 40MPH on
199 Route 131 in the vicinity of Victory Drive and Lavigne Road. Changing
200 the speed limit between Guld Rd and Thrasher Rd on Route 131 is our
201 recommendation.

202
203 If you have any questions or concerns, please do not hesitate to contact me.

204
205 Brandon is going to get together with Ray Stapleton to identify all areas that need to be
206 included and send one letter.

207
208 10.) Town Manager Announcements/Updates – tabled for the next Selectboard
209 Meeting

210
211 11.) High Priority Building Improvements - ARPA - tabled for the next Selectboard
212 Meeting

213
214 12.) Business Personal Property Tax - tabled for the next Selectboard meeting

215
216 13.) Proposed Future Agenda Items

- 217
218 • Town Manager Announcements/Updates – tabled for the next Selectboard
219 meeting
220 • High Priority Building Improvements - ARPA - tabled for the next Selectboard
221 meeting
222 • Business Personal Property Tax - tabled for the next Selectboard meeting

- 223
 224 14.) Appointments – tabled for the next Selectboard meeting
 225 a.) Budget Committee (2 Vacancies)
 226 b.) Constable (1 Vacancy)
 227 c.) Energy Coordinator (1 Vacancy)
 228 d.) Parks & Recreation Commission (2 Vacancies)
 229 e.) Zoning Board of Adjustment - (1 Vacancy)

230
 231 15.) Approve Warrant
 232
 233 Kelly O’Brien made a motion to approve the warrants of 6-20-22 as follows:

234	General Funds	Operating Expenses \$65,585.01
235		Payroll \$15,841.12
236		
237	Highway Fund	Operating Expenses \$8,877.48

July 1, 2022

RE: Town Manager Update

1. Building & Grounds Maintenance Contract

We received 1 bid for the maintenance of Martin Memorial Hall, the Library, Ascutney Green, Old Meeting House & Memorial Grove, Perkinsville Green, Perkinsville School, and Hoisington Field. TJ Property Maintenance was awarded the contract effective July 1, 2022, to June 30, 2024.

2. RFB Paving Quarry Road

We advertised an RFB to pave Quarry Road on June 23rd. The RFB was advertised in the Valley News, Vermont Bid Website, Weathersfield Website, and VLCT classifieds. A pre-bid conference will be held on July 7th at 10am. The question period ends on July 14th and bids are due no later than July 21st at 11:30am. A public bid opening will take place at Martin Memorial Hall in the upstairs conference room. The results will be available for Selectboard review on August 1st.

3. RFB Paving Stoughton Pond Road

We advertised an RFB to pave Stoughton Pond Road on June 14th. The RFB was advertised in the Valley News, Vermont Bid Website, Weathersfield Website, and VLCT classifieds. A pre-bid conference was held on June 30th at 10am. The question period ends on July 7th. Bids are due no later than July 13th at 11:30am. A public bid opening will take place on July 14th at 1pm. The results will be available for Selectboard review on July 18th.

4. EMD Training

Our EMD recently completed the Vermont Local Emergency Management Director 8 Hour Course through the State of Vermont Department of Public Safety. He will be organizing an Emergency Management Meeting during the month of August.

5. Accountant Update

We are currently outsourcing finance, including bank reconciliations, to VLCT. I have received questions from Board members on whether we should continue outsourcing finance or if we should hire a part-time and/or full-time accountant. In FY23 we budgeted a revenue of \$22,943 from Windsor to share an accountant, however, that is no longer the case. This revenue will not be received. We budgeted \$56,650 to pay an accountant salary. After we subtract the \$22,943 from the budgeted accountant salary,

we have a remainder of \$33,707 to spend on an Accountant in FY23. We also budgeted \$12,014 for insurance benefits. The total budgeted amount we have to spend is \$45,721. Keep in mind that contracting with VLCT reduces this amount each month, depending on the amount of time required. We will be having more discussions throughout the month of July to develop a memo with our options to present to the Selectboard.

6. Tax Rate Update

The State of Vermont released the Homestead and Non-Homestead Tax Rates on Friday, July 1, 2022. We will be holding a special meeting on Thursday, July 7th at 6:30pm to set the tax rate.

7. 1879 Schoolhouse

The Historical Grant for the Belfry project has been submitted and accepted. The project went very well, and the bell is ringing again. We held a meeting with BJ Esty on June 30th to discuss the future of the building. The committee would like to see the building used for Community Use. There are a few small tasks to complete prior to receiving a full occupancy permit. We will need to add this item on the Selectboard Agenda to discuss the development of a Trustees of the 1879 Schoolhouse committee, similar to the Martin Memorial Hall Board of Trustees, and to determine what the best use of the building will be.

RE: Compactor Bid Opening

We advertised an RFP to replace the compactor at the Transfer Station. The bid opening took place on June 30th at 2pm. We received 2 bids (attached).

<i>Company</i>	Compactor	Installation	Concrete Pad	Total Cost	Completion Date
<i>Alva Waste</i>	\$30,855	\$4,500	\$24,000	\$59,355	9/15/22
<i>Atlantic Recycling</i>	\$29,010	\$3,500	No bid	\$32,510	10/8/22

Atlantic Recycling did not follow instruction. The RFP specifically requested a full bid, including the compactor, installation, and laying a new concrete pad. Atlantic Recycling did not submit a bid for the concrete pad.

Both companies recommend replacing the receiver box, which will cost between \$9,975 from Atlantic Recycling + \$975 for shipping and \$11,550 from Alva Waste.

The total project cost with a new receiver box is \$70,905.

ATLANTIC RECYCLING EQUIPMENT

WE **A.R.E.** YOUR EQUIPMENT SPECIALISTS

June 30, 2022

Town of Weathersfield, VT
PO Box 550
5259 US Route 5
Ascutney, VT 05030

Attn: Brendon Gulnick – Town Manager

REF: “Exception to Bid Conditions and Specifications.

Execption 1: Atlantic does not remove or install Concrete pads, we are an Equipment dealer only. Atlantic has NOT included any pricing for the concrete pad required in the bid sepcs.

Exception 2: The manufacturer is NO longer using 2000watt oil heaters in the hydraulic tank, the new style oil heaters that are supplied today are extremely more efficient in energy, and they have less maintenance problems. They are Thermostatically controlled and pre-set for temperature. This compactor power unit will include a 500watt Oil heater in lieu of the 2000watt oil heater you have requested in your bid.

STATIONARY COMPACTORS

445HD & 445XHD

Wastequip's efficient, powerful, and long-lasting industrial 4-yard compactor has a large 65" x 60" clear top opening, and is ideal for dry waste and recycling material.

Guardian™ Control System

- New user-friendly controls
- Automatic Maintenance Tracking
- Superior 24-volt control
- NEMA 4 rated enclosure
- Remote power unit with weather protection cover

Heavy-Duty Ratchet Binders

- 1" thick hooks
- Greasable fittings

Performance

- 14" ram penetration minimizes spring-back of material
- Heavy-duty 8" x 8" x 1" breaker bar

Large-Access Openings for Maintenance and Service

- Removable rear panel
- Removable side panels

Easy-to-use 24-volt Guardian Control System (optional remote pendant shown)

** Use of an oil heater or extreme cold weather hydraulic oil is recommended in extreme cold conditions.*

 **WASTEQUIP®**

STATIONARY COMPACTORS

445HD & 445XHD

Standard Features

- 1/2" thick ram floor
- 57-second cycle time
- Controls in panel face
- Automatic Maintenance Tracking
- Full container light
- Low temperature oil
- Multi-cycle timer
- Operational and service manual
- NEMA 4 control panel protects against windblown dust, splashing water, and hose-directed water
- Primed and painted in multiple colors
- Remote power unit with weather cover

Options

- Advance warning light
- Color-coded pressure gauge
- Guide rails with/without stops
- Oil heater
- Photo electric eye
- Odor control system
- Cart dumper
- Biodegradable oil

Warranty

- 3-1-1 warranty (3-year structural, 1-year parts, 1-year labor)

Project	
Transfer Station 5024 VT-106 Perkinsville, VT 05151 USA	
Terms	Net 30

Qty	Item	Description	Rate	Total
1	WQCO166	Pressure gauge - color coded and numeric - on 40' hose-mounted. Atlantic Installed	0.00	0.00
1	WQCO122	Controls on 40' remote pendent in lieu of mounting in panel face, Factory option for Stationary & Self-Contained Models. Factory Installed.	0.00	0.00
1	WQCO201	Guide Rails - 5' standard, available on 145-245-265X & 345. Atlantic supplied.	0.00	0.00
1	FABRICATION	Two (2) Door Dog house fabricated and installed onto the compactor, both doors will include Magnetic Interlock switches to meet ANSI & OSHA Safety Regulations. Painted to match the compactor.	3,250.00	3,250.00
1	Freight	Freight charges to Weathersfield, VT Transfer Station.	1,280.00	1,280.00
1	Installations	Installation of the new compactor system into location, wired the power unit to the customer installed 100amp Electrical Disconnect, controls and pressure gauge installed and demo the operation of the new compactor to Town operators.	3,500.00	3,500.00
1	Fuel Surcharge	Round Trip Fuel Surcharge. 260 miles round trip mileage.	105.00	105.00
1	Overnight	Overnight charge for Two (2) Man crew	400.00	400.00

THESE PRICES DO NOT INCLUDE ANY APPLICABLE TAXES.

Total

Payment Terms: 30 DAYS

Any alterations or deviations from the above specifications involving extra costs will be executed only upon written orders, and will become an extra charge to this quotation. All agreements are contingent upon strikes, accidents, or delays beyond our control. Owner to carry all necessary insurance coverage. Our employees are fully covered by workers compensation insurance.

PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE.

Acceptance:

The above quoted pricing, specifications and conditions are satisfactory and are hereby accepted. You are authorized to perform the job.

ATLANTIC RECYCLING EQUIPMENT

WE **A.R.E.** YOUR EQUIPMENT SPECIALISTS

June 30, 2022

Town of Weathersfield, VT
PO Box 550
5259 US Route 5
Ascutney, VT 05030

Attn: Brendon Gulnick – Town Manager

REF: “Exception to Bid Conditions and Specifications.

Exception 1: Atlantic does not remove or install Concrete pads, we are an Equipment dealer only. Atlantic has NOT included any pricing for the concrete pad required in the bid sepcs.

Exception 2: The manufacturer is NO longer using 2000watt oil heaters in the hydraulic tank, the new style oil heaters that are supplied today are extremely more efficient in energy, and they have less maintenance problems. They are Thermostatically controlled and pre-set for temperature. This compactor power unit will include a 500watt Oil heater in lieu of the 2000watt oil heater you have requested in your bid.

STATIONARY COMPACTORS

445HD & 445XHD

Wastequip's efficient, powerful, and long-lasting industrial 4-yard compactor has a large 65" x 60" clear top opening, and is ideal for dry waste and recycling material.

Guardian™ Control System

- New user-friendly controls
- Automatic Maintenance Tracking
- Superior 24-volt control
- NEMA 4 rated enclosure
- Remote power unit with weather protection cover

Heavy-Duty Ratchet Binders

- 1" thick hooks
- Greasable fittings

Performance

- 14" ram penetration minimizes spring-back of material
- Heavy-duty 8" x 8" x 1" breaker bar

Large-Access Openings for Maintenance and Service

- Removable rear panel
- Removable side panels

Easy-to-use 24-volt Guardian Control System (optional remote pendant shown)

** Use of an oil heater or extreme cold weather hydraulic oil is recommended in extreme cold conditions.*

STATIONARY COMPACTORS

445HD & 445XHD

Standard Features

- 1/2" thick ram floor
- 57-second cycle time
- Controls in panel face
- Automatic Maintenance Tracking
- Full container light
- Low temperature oil
- Multi-cycle timer
- Operational and service manual
- NEMA 4 control panel protects against windblown dust, splashing water, and hose-directed water
- Primed and painted in multiple colors
- Remote power unit with weather cover

Options

- Advance warning light
- Color-coded pressure gauge
- Guide rails with/without stops
- Oil heater
- Photo electric eye
- Odor control system
- Cart dumper
- Biodegradable oil

Warranty

- 3-1-1 warranty (3-year structural, 1-year parts, 1-year labor)

Replacement parts available online at www.gotoparts.com.

Specifications

		445HD	445XHD*
Charge Box	Wastequip rating	4.00 cu. yds.	
	Wastec rating	2.59 cu. yds.	
	Clear top opening	65" Length x 60" Width	64" Length x 60" Width
	Compactor weight with power unit	6,700 lbs.	6,900 lbs.
Ram	Ram height	30.50"	
	Ram penetration	14.00"	
	Face plate	1/2" steel with 3/4" stiffener plates	
	Base plate	3/8" steel with 10 gauge formed stiffeners	
	Top plate	1/4" steel with 10 gauge formed stiffeners	
	Side plates	1/4" formed plate	
Compactor Head	Floor	1/2" steel with 10 gauge channels at 12" spacing	
	Sides	1/4" steel formed vertical stiffeners and formed horizontal stiffeners	1/4" steel formed vertical stiffeners and formed horizontal stiffeners; side stiffeners, gussets in discharge area
	Breaker bar	8" x 8", 1" angled steel	1" thick breaker bar plate
	Top deck	12 gauge steel (standard)	
Electrical	Electric motor, fan cooled	15 hp	
	Voltage	208/230/460, 3 phase 60 Hz	
	Power box	UL rated, TEFC housing	
	Automated cycle operation	Push-button start extends, retracts & stops automatically	
Hydraulic Performance	Pump	16.4 gpm	
	Pump type	Fixed gear	
	Hydraulic oil tank	25-gallon reservoir	
	Cylinder bore/rod/stroke	6.25" bore, 4.75" rod, 80" stroke	
	Normal ram face pressure	52,100 lbs.	64,400 lbs.
	Max. ram face pressure	56,500 lbs.	70,500 lbs.
	Normal ram psi	28.47 psi	35.19 psi
	Maximum ram psi	31.80 psi	38.52 psi
	Cubic yards per hour	164	
	Power unit location	Remote	
Cycle time	57 seconds		

* Specifications are the same as the 445HD, except where indicated.

Standard Color Choices

Colors shown are as accurate as printing allows. The actual color is subject to variation from the printed color sample. Color choices vary by plant location. Please contact your local sales representative for available colors. Custom colors are available upon request and are subject to an additional charge.

Electric Wiring Chart

Required Electrical Power Information

A separate branch circuit with a main disconnect device supplied by the owner is required to supply power to compactor and baler power units. The installation of the main disconnect must be performed by a qualified electrician in compliance with all local and National Electrical Code regulations. ANSI standards require that the main "disconnect shall be located within sight of, and no more than 50 feet away from the main control panel." The actual voltage must be within +/-5% of the nameplate rating on the motor when the unit is operating at the system relief pressure. The following table lists minimum and recommended fuse and wire sizes for the various motors used on compaction and baling equipment manufactured by Wastequip, LLC.

Motor Horsepower Rating Phase	Line Supply Voltage	Full Load Amps ¹	Locked Rotor Amps ²	Maximum Dual Element Time Delay Fuse ³	Minimum Disconnect Rating ⁴	Minimum Wire Size THHN CU 90°C / 194°F ⁵			Recommended Wire Size THHN CU / 194°F * Denotes same as minimum

1. Values for single phase motors obtained from Table 430.248 of 2014 NEC. Values for three phase motors obtained from Table 430.250 of 2014 NEC.

2. Values for single phase motors obtained from Table 430.251(A) of 2014 NEC. Values for three phase motors obtained from Table 430.251(B) of 2014 NEC.

3. Maximum fuse values are based on full load X 175% (300% for class CC) as determined from Table 430.52 of 2014 NEC. The fuse and wire sizes must always meet or exceed any federal, state, or local electrical codes or ordinances.

4. Minimum disconnect rating is the greater of the full load current X 115% as determined from Article 430.110 of 2014 NEC and the maximum overcurrent protection. It is the owner's/installer's responsibility to verify disconnect used is rated for correct horsepower motor at the supply voltage used.

5. Wire size based on motor full load current X 125% and ampacity of 90 degrees THHN copper wire found in Table 310.15(B)(16) of NEC 2014. When minimum wire size is rated below the maximum fuse size, the next wire size up will be used. Wire must not introduce more than 5% voltage drop. Check federal, state, or local electrical codes or ordinances.

It is the owner's/installer's responsibility to verify disconnect used is rated for correct horsepower motor at the supply voltage used.

5. Wire size based on motor full load current X 125% and ampacity of 90 degrees THHN copper wire found in Table 310.15(B)(16) of NEC 2014. When minimum wire size is rated below the maximum fuse size, the next wire size up will be used. Wire must not introduce more than 5% voltage drop. Check federal, state, or local electrical codes or ordinances.

OCTAGON PACKER RECEIVER

Octagon Receivers are engineered to withstand the repeated pressures and abuse of compactors. Designed to provide **LONG-LASTING, DEPENDABLE** performance for high-volume refuse accounts.

Compatible with most major brand roll-off systems.

FEATURES & BENEFITS

- 7 gauge floor with 3" structural channels on 18" centers
- 7 gauge lower front and sides

Town of Weathersfield
PO Box 519
Ascutney, VT 05030-0519

Application for Entertainment Permit

I wish for permission to occupy the Salmond Covered Bridge on Henry Gould Road for a wedding on Saturday, October 8, 2022 from 12 noon to 2 pm. There will be approximately 50 people in attendance.

The Salmond Covered Bridge park will also be utilized for seating and pictures.

As a result of occupying the Salmond Covered Bridge, Henry Gould Road would be closed between 230 Henry Gould Road and 64 Henry Gould Road. Both 230 and 64 Henry Gould Road will remain accessible to VT Route 131. There are no other driveways and/or residences between the closure points. (Please see enclosed closure point map.)

Closure will be made in the form of traffic cones and/or highway closure signs; or any other form as dictated by the Town of Weathersfield Highway Department.

Parking will be along the closed portion of Henry Gould Road and the parking area on VT Route 131. No driveways will be blocked and/or impeded.

There will not be any combustible heat sources within the confines of the bridge. Proposed lighting inside the bridge will be strings of battery-operated miniature colored lights, as well as small battery-operated votive candles in baskets of live flowers.

Proposed music will be played via Blue Tooth Speaker and/or cell phone.

'Confetti' will consist of biodegradable leaves and flower petals.

In the event of an emergency, the entire neighborhood is accessible to emergency vehicles. The Fire Department and Ambulance would not cross the bridge, accessing all residents either by Henry Gould Road to the south or Ascutney Notch Road to the north of the Salmond Covered Bridge, both off VT Route 131.

Thank you for your consideration in this matter.

If you have any further questions, please do not hesitate to contact me.

Lynn Esty

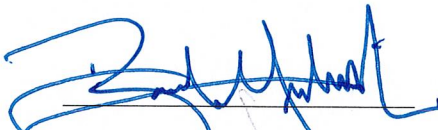

ENTERTAINMENT PERMIT

In reference to the application for entertainment permit for the Saturday, October 8, 2022, event from 12pm-2pm, please sign below if you have reviewed and approve of the application.

Board members,

During the May 16th Selectboard meeting the board requested that we organize high priority building improvements identified in the Town-Wide Building Assessment presentation and develop a summary report. The purpose of this report is to identify these high priority areas and request action from the board to obtain estimates on the priorities the board deems appropriate.

1. 1879 School House

The 1879 Schoolhouse is 143 years old. The building is 2030 SQFT and has 2 floors. The replacement value of the building is \$687,475. The purpose of the building has not been defined, however, some of the space has been designated as a Food Shelf. The structural system of the building includes flagstone, a stone foundation, brick, and wood walls. The building is in good condition.

High Priorities

- Roof replacement - likely installed in 1900, the roof is nearly 120 years old.
- Fire Alarm System - no existing fire alarm system
- Removal of flammable wall surface in food shelf. Old beaverboard needs to be removed and plaster repaired.
- Pave the walk from the parking lot to the building to improve accessibility for Americans with Disabilities.
- Install motion detector lights.
- Install storm windows to improve energy efficiency.
- Replace wood doors.
- Install heat/cooling pumps.
- Convert interior lighting to LED - improves energy efficiency and visibility.

2. Ascutney Fire Station

The Ascutney Fire Station is 20 years old. The building is 4,550 SQFT and has 2 floors. The replacement value of the building is \$586,790. The purpose of the building is Emergency Services. The owner of the building is the Ascutney Volunteer Fire Association, and the owner of the land is the State of Vermont. The building is in good condition.

2. Ascutney Fire Station Continued...

High Priorities

- Install floor drain with an oil separator. Water leaks in through garage door.
- Water contains high salt & iron. Replace well or extend Water District main line.
- Install heating system, infrared tube heaters - works from propane, run length of bays
- Install a Fume-A-Vent system
- Install heating & cooling pumps

3. Martin Memorial Hall

Martin Memorial Hall is 60 years old. The building is 4,800 SQFT and has 2 floors. The replacement value of the building is \$1,110,358. The purpose of the building is Town Offices/ Community use. The owner of the building is the Town of Weathersfield. The building envelope consists of wood/vinyl/brick and the structural system is wood/brick. The building is in good condition.

High Priorities

- Roof Replacement - existing roof is in poor condition.
- Replace 13 single pane windows.
- Install heat & cooling pumps - eliminates window air conditioner units & increases energy efficiency.
- Install LED lighting
- Install Key Fob Lock system on doors and cash register
- Install a generator
- Pave driveway and parking lot (Wragg Brothers willing to partner with the Town)

4. West Weathersfield Fire Station

The West Weathersfield Fire Station is 54 years old. The building is 2,680 SQFT and has 1 floor. The replacement value of the building is \$426,893. The purpose of the building is Emergency Services. The owner of the building is the West Weathersfield Volunteer Fire Department; however, the department is willing to sign it over to the Town of Weathersfield. The building envelope is metal, and the structural system is steel. The building is in fair condition.

High Priorities

- Replace Roof, flashing, and sealants.
- Replace 4 windows.
- Replace exterior doors.
- Remove ceiling, reinsulate, and use sheetrock (after roof replacement)
- Install Fume-A-Vent System
- Wire the garage doors to work with the generator when power is out.

5. **Proctor Library**

The Weathersfield Proctor Library is 120 years old. The building is 1,497 SQFT and has 2 floors including the basement office level. The replacement value of the building is \$250,829. The purpose of the building is library - public use. The building is in good condition.

High Priorities

- Install hard pack, install drain, and rise up parking lot.
- Install motion lighting on the exterior.
- Replace 8 windows.
- Install foyer on outside of building. Significant energy loss when front door opens.
- Inspect roof to determine whether it requires replacement.
- Install drainage system or seal basement. Water leaking in through brick.
- Install fire alarms.
- Install LED lights. Existing lighting is poor.

6. **Town Garage**

The Town Garage is 49 years old. The building is 7,440 SQFT and has 1 floor. The replacement value of the building is \$1,063,271. The purpose of the building is storage & repairs. The building envelope & structural system is wood & metal. The building is in fair/poor condition.

High Priorities

- Replace roof, flashing, downspouts, and sealants.
- Replace SE wall.
- Replace garage doors.
- Replace water supply artesian well, and water heater.
- Insulate ceilings, seal areas around garage doors.
- Install 3 floor drains with couplings to run drains from roof with oil separator.
- Install salt shed.
- Replace all lighting with LED.
- Replace all entrance doors.
- Install cement knee, wall length of breakroom, 2 ft high/30ft long to prevent salt and water from seeping into breakroom, which will lead to rot.
- Install Fire Alarm system.

7. **Transfer Station**

The Transfer Station is 32 years old. The buildings are 2,264 SQFT and have 1 floor. The replacement value of the buildings is \$74,328. The purpose of the facility is public recycling & waste disposal. Building envelop & structural system is wood.

Continued on next page

7. Transfer Station Continued...

High Priorities

- Move entry gate 20 ft and install new fence and gate.
- Replace cement pad lower than ground level.
- Replace trash compactor.
- Install guard rail to surround compactor.
- Replace 500-gallon oil tank.
- Install cameras on inside and outside of buildings with alarm.
- Install fire alarms.

SUMMARY

Overall, 4/7 buildings currently require a roof replacement and 1 should be inspected to determine whether the roof needs to be replaced. Replacing these roofs will improve the longevity of the buildings. Another reoccurring issue is lighting. Replacing the existing lighting with LED will improve energy efficiency and visibility. Overall, 25 windows need to be replaced within 3 of our buildings. This will improve energy efficiency and longevity. The Town Garage is in the poorest condition in relation to the other 6 buildings assessed, and the West Weathersfield Fire Station follows closely behind it. The other 5 buildings are in relatively good shape, however, the high priority items identified will improve their longevity.

RE: Business Personal Property Tax

The Town of Weathersfield taxes for Business Personal Property per 32 V.S.A. § 3618.

- A. If a Town does not vote to exempt business personal property under 3849 of this title, such property shall be appraised at fair market value; or, subject to a majority vote of those present and voting at an annual or special meeting warned for the purpose, a Town may provide that business personal property shall be appraised for any taxable year according to either of the following methods, which may be elected at the option of the taxpayer:
- (1) At 50 percent of its cost during the time that it has not been fully depreciated for federal income tax purposes under the laws of the United States. After the property has been thus depreciated, exclusive of salvage value, for federal income tax purposes, it shall be appraised at 10 percent of its cost;
 - (2) At its net book value during the time that it has not been depreciated to 10 percent of its cost or less for federal income tax purposes under the laws of the United States. After the property has been depreciated to 10 percent of its cost or less, exclusive of salvage value, for federal income tax purposes, it shall be appraised at 10 percent of its cost. Business personal property manufactured by the taxpayer for his or her own use, shall be valued at the net book value for federal income tax purposes under the laws of the United States. After the property has been depreciated to 10 percent of its cost or less, exclusive of salvage value, for federal income tax purposes, it shall be appraised at 10 percent of its cost.
- B. The taxpayer may elect either of the methods set forth in subsection (a) of this section in the first year for which this election is effective. In any subsequent year the taxpayer may not change the method elected in the previous year except with the prior permission of the board of listers. All of the taxpayer's business personal property shall be valued for any year according to only one of the two methods. Adjustments by the taxpayer or the federal authorities of the depreciation allowed or allowable on the property, for federal income tax purposes, shall not affect or change the appraisal of the property under this section for any year as to which, at the time of the adjustment in depreciation, the grand list has been lodged as required by section 4151 of this title.

Continued on next page...

C. As used in this section:

- (1) "Business personal property" means tangible personal property of a depreciable nature used or held for use in any trade, business, professional practice, transaction, activity, or occupation conducted for profit, including all furniture and fixtures, apparatus, tools, implements, books, machines, boats, construction devices, and all personal property used or intended to be used for the production, processing, fabrication, assembling, handling, or transportation of anything of value, or for the production, transmission, control, or disposition of power, energy, heat, light, water, or waste. "Business personal property" does not include inventory, or goods and chattels so affixed to real property as to have become part thereof, and that are therefore not severable or removable without material injury to the real property, nor does it include poles, lines, and fixtures that are taxable under sections 3620 and 3659 of this title.

- (2) "Net book value" of property means the cost less depreciation of the property as shown on the federal income tax return required to be filed with the federal authorities on or nearest in advance of April 1 in any year. (Added 1975, No. 101, § 2, eff. April 30, 1975; amended 1985, No. 169 (Adj. Sess.), § 3, eff. May 5, 1986; 1991, No. 203 (Adj. Sess.), § 4, eff. May 27, 1992.)

Location(s) of Personal Property _____

STATUTORY PROVISIONS

Title 32, Section 4006 - A taxpayer required by law to make and return an inventory who refuses to sign, swear to or affirm such inventory shall be fined.

Title 32, Section 4084 - When taxable property of such person is not ascertainable by the listers, they shall appraise the property of such person at a sum which, in their judgement, is the fair market value of all the taxable property owned by him.

It is the duty of the taxpayer to obtain this blank form from the Town Clerk or Listers, fill out the same and return it to the Listers by April 20th. If he or she aids you, he or she does it as a service, and not because it is his or her legal duty. The taxpayer's cooperation is solicited.

DIRECTIONS

1. Fill out the above block, making sure the name and mailing address are correct for billing purposes.
2. Fill out the reverse side of this form, after choosing Method #1 or #2 listed below.
3. The form must be signed by the responsible individual or officer and dated.

BUSINESS PERSONAL PROPERTY

When the Inventory Tax was eliminated, state law required that Business Personal Property, which includes among other items, machinery, equipment, furniture and fixtures, apparatus, tools, implements, books, machines, boats, construction devices, and all personal property used or intended to be used for the production, processing, fabrication, assembling, handling or transportation of anything of value, or for the production, transmission, control or disposition of power, energy, heat, light, water or waste (reference, Title 32 VSA section 3618), be assessed by a cost less depreciation method rather than Fair Market Value. The taxpayer is requested to elect one of the following methods:

Method #1 - At fifty percent of its cost during the time that it has not been fully depreciated for federal income tax purposes under the laws of the United States. After the property has been thus depreciated, exclusive of salvage value, for federal income tax purposes, it shall be appraised at ten percent of its cost; or

Method #2 - At its net book value during the time that it has not been depreciated to ten percent of its cost or less for federal income tax purposes under the laws of the United States. After the property has been depreciated to ten percent of its cost or less, exclusive of salvage value, for federal income tax purposes, it shall be appraised at ten percent of its cost.

IMPORTANT - PLEASE INDICATE YOUR SELECTION BY CIRCLING #1 OR #2. If you have any questions, please feel free to call the Listers Office at 674-2626.

SIGNATURE REQUIRED

I do solemnly swear (or affirm), under the pains and penalties of perjury, that to my knowledge and belief, the inventory herein by me subscribed is a full, true and correct list and description of all personal property which should be set in the list to me. (32VSA Section 4002 and 4006)

TAXABLE PERSONAL PROPERTY

Similar items may be grouped by year of purchase. A separate line should be used for items fully depreciated for IRS purposes. Cost includes all costs accrued to all taxable items. When purchased Aused@, indicate by Au@ after cost. If owner=s value differs substantially from depreciated cost please explain. List all taxable personal property located in our town on April 1, which was owned by you or in your charge, if you are responsible for property taxes on it.

Equipment:

- Manufacturing equipment not, by law, set as real estate
- Office, store, shop or other furniture & equipment
- Gasoline pumps w/tanks if not listed as real estate (if by terms of lease, you do not pay tax, give name & address of owner)
- Other machinery and equipment (hand tools not included)
- Household furniture and equipment used for income producing purposes (such as motel furnishings, laundromat equipment, etc.)

<u>EQUIPMENT</u>	<u>YEAR ACQUIRED</u>	<u>COST</u>	<u>ACCUM. DEPREC.</u> May not exceed 90%	<u>DEPREC. BOOK VALUE</u> A0" is not an acceptable entry
