**Concerned about the impact of Climate Change and Natural Disasters in Weathersfield?
Voice your concerns during the Local Hazard Mitigation Plan update.**

The Town of Weathersfield is updating its Local Hazard Mitigation Plan. The purpose of this planning effort is to protect life, property, economy, quality of life, and environment of the Weathersfield Community from naturally occurring hazards and disasters. We are requesting input from the local community regarding experiences and concerns about weather related events and the potential risks and vulnerabilities to hazards, such as flooding, erosion, extreme temperatures, winter storms and drought.

The Town's Hazard Mitigation Planning Team will be holding a series of public meetings over the next few months during this planning process. The second meeting will be held at the 1879 Schoolhouse in Perkinsville on June 22nd from 6:30pm to 8:00pm and conducted by the Mount Ascutney Regional Commission (MARC). The public is encouraged to attend and share their thoughts.

If you are interested but unable to attend there are a number of ways to participate and provide input.
